THE LIBRARY OF THE GERMANISCHES NATIONALMUSEUM

COLLECTIONS The GNM library in Nuremberg, with its collection of around 650 000 books and 1695 current periodical subscriptions, is the largest special library for cultural history of Germany. A wealth of literature relating to art, folklore, local and regional history and popular culture, as well Mid-European pre and early history can be found here. Purchased accessions together with publication exchanges with over 1000 partners worldwide contribute to an annual growth of 8000 volumes.

BIBLIOGRAPHIC WORK The library collects, catalogues and makes available scholarly literature about art in German-speaking Europe. Its "Schrifttum zur deutschen Kunst" is the only comprehensive art-historical bibliography for German-speaking areas.

CATALOGUES The alphabetical (author/title) card catalogue contains works indexed before March 2000. The old and new subject catalogues enable thematic searching according to relevant subject headings. Works acquired after 2000 are searchable in our web-OPAC. Our OPAC is also directly searchable through the Virtual Catalogue of Art History (artlibraries.net).

USER INFORMATION The library is open to all members of the public. On proof of identity through ID card or passport readers can obtain a library card. Books cannot be borrowed, but are fetched for the reader to the reading room.
